Management Trainee | Baker Tilly ASA

Kochi, Kerala, India | +91 860-6434-253 | ananthakrishnankj7204@gmail.com | [linkedin.com/in/ananthakrishnan-kj](https://www.linkedin.com/in/ananthakrishnan-kj)

PROFESSIONAL SUMMARY

ACCA Part-Qualified professional (10/13 papers passed) with external audit experience at Baker Tilly ASA, contributing to financial statement audits for European clients across shipping, investment holding, and retail sectors. Skilled in financial data analysis, variance analysis, and management reporting, with hands-on experience building financial dashboards and reports in Power BI and Excel. Exposure to ledger-level data cleaning, structured financial documentation, and IFRS-based reporting. Keen to apply analytical and data visualisation skills in a Financial Planning & Analysis or Business Intelligence capacity.

KEY SKILLS

Data Analytics & Visualisation: Power BI (dashboards, data modelling), Microsoft Excel (pivot tables, advanced formulas)

Financial Analysis: Variance analysis, analytical review, financial statement analysis, management reporting

Data Management: Ledger data cleaning, data sanitisation, structured data reconciliation

Audit & Assurance: External audit, ISA compliance, substantive testing, working paper preparation

Financial Reporting: IFRS application, revenue & expense analysis, cross-border engagements

Other: Power Automate, attention to detail, adaptability

Language: English, Malayalam, Hindi

WORK EXPERIENCE

Management Trainee – Assurance | Baker Tilly ASA

Dec 2025 – Present

Global Offshoring Services | Kochi, Kerala, India

- Contributed to financial statement audits for 9 European clients across shipping (4 ship-owning companies), investment holding (4 companies), and retail & franchise (Hans & Gretel), performing substantive procedures under IFRS and ISA frameworks.
- Performed analytical review procedures including fluctuation analysis across revenue, expenses, and balance sheet accounts, identifying variances and unusual trends for escalation to senior reviewers.
- Carried out data cleaning and sanitisation of detailed client ledgers, organising and validating large volumes of transactional data to support audit evidence and financial analysis.
- Prepared audit working papers covering planning documentation, risk assessment, substantive testing, and audit evidence in accordance with ISA methodology across eight engagements.
- Performed revenue and expense testing including vouching, tracing, cut-off testing, and recalculation to verify completeness, occurrence, and accuracy of financial statement balances.

Clinic Manager | Dr. Hashik's MediClinic

May 2024 – Oct 2025

Kochi, Kerala, India

- Built and maintained Excel-based financial dashboards and Power BI reports to track revenue, expenses, and operational KPIs, providing management with structured performance visibility on a monthly basis.
- Managed financial operations including daily revenue reconciliation, expense monitoring, supplier account management, and preparation of management reports.

ACCA QUALIFICATION

ACCA Part Qualified | 10 of 13 papers passed | Registered: October 2023 | Appearing for SBL – Jun 2026

- Completed 10/13 ACCA papers (First Attempt) with highest for Taxation and average of 68.8% in all subjects
- Strong foundation in Financial Reporting, Financial Management, and Performance Analysis
- Advanced-level papers cleared: Strategic Business Reporting (SBR) and Advanced Audit (AAA)
- Completed Advanced Financial Management (AFM) with focus on investment appraisal, risk management, and valuation

PROJECTS

Automated Student Communication Workflow | Power Automate · Excel · Outlook

Sept 2025 – Nov 2026

- Developed an automated workflow to distribute 500+ personalised emails, incorporating pagination logic to address API row limitations and concurrency controls to prevent data file-locking issues.
- Implemented a status-tracking mechanism to update records upon successful delivery, reducing the risk of duplicate communications and maintaining a reliable process audit trail.
